Comfortex

WINDOW FASHIONS

Find inspiration with the Envision™ Designer Collection

Envision shades feature all the most popular textures and designs, both timeless and trending, to enhance any window.

Featuring solar screens and soft-to-the-touch fabrics, choose from a wide selection of top-quality fabrics and textures to create the perfect statement for your home.

Treatments are available as Roller Shades, Roman Shades, Elevance™ Integrated Liner Roman Shades and Panel Track Shades. Enhance any one of your shades with a Highlights Cornice Valance.

Choose one style, or mix and match to find the right design for you.

Hundreds of Fabric Choices

With so many fabrics to choose from, we guarantee there's an option to complement any décor. From drapery fabrics to solar screens to natural textures, our handcrafted shades add a decorative highlight to any window.

Envision Designer fabrics offer light control options ranging from translucent to blackout. Energy efficient sunscreens reduce solar heat gain and glare while limiting the damage caused by ultraviolet rays.

Hobbled Roman Shades

TRADITIONAL ROLLER SHADES

Reimagine a Classic

This timeless window covering enhances the décor in any room. Used alone or paired with valances or draperies, roller shades complement both traditional and contemporary furnishings.

With over 250 fabric options, including exclusive designer patterns, UV protective screens, and

various privacy and view-through options, the Envision Designer Collection delivers stylish functionality.

Aspen | Sand | Cordless Roller Shades with fabric insert cassette in Oil Rubbed Bronze and fabric wrapped bottom rails and Wood Ball Pulls in color Cocoa

High Performance Design

Envision Solar Screens for Roller Shades act as sunglasses for your windows to diffuse harsh sunlight, diminish glare and protect your furnishings from harmful UV rays. Solar screen fabrics are durable, sophisticated, easy to clean, and ideal for the busiest lifestyles.

Choose from decorative, high-performance, screens including Mermet E Screen with KOOL-BLACK™ Technology, SilverScreen™ and Solar Flair to reduce energy usage, while transforming any room into a more comfortable environment.

Phifer SheerWeave® 5000 | Linen/Fig | Motorized Roller Shades with fabric insert cassette in Oil Rubbed Bronze and fabric wrapped bottom rails

Fit for Every Lifestyle

Envision Roman Shades are the perfect combination of sophistication and convenience. As elegant as draperies yet as practical as shades, Envision Flat Roman Shades provide a casual and charming appearance. Envision Hobbled Roman Shades, with their soft fabric folds, introduce a warm and classic ambiance to any space.

Both Flat Panel and Hobbled Roman Shades are available with cord lock, cord loop, cordless and top down-bottom up operation. Color coordinated headrail and bottom rail is standard with every shade.

ELEVANCE™ INTEGRATED LINER ROMAN SHADES

Innovation Meets Fashion

Elevance™ Integrated Liner Roman Shade is where safety and style come together. Elevance is a beautiful flat roman shade with a privacy liner and absolutely no exposed cords to the back. The liner, available in either light filtering or blackout, smoothly lifts the shade and provides a clean street-side appearance.

Select from the Envision Designer Collection soft fabric line to achieve an elegant look. Elevance is available in three hardware options: Single Cord Operation, Simplicity Remote Motorization and Cord-Free.

A Modern Alternative

The Envision Panel Track system is versatile and contemporary, allowing you to coordinate all of your window shades, from small windows to patio doors, with identical or complementary fabrics.

The Envision Panel Track system offers a wide variety of light control and privacy levels to suit your lifestyle. With a smooth operating system,

panels can stack to the left, right or be split in half using a cordless wand system. Enjoy a seamless look with a fabric valance that conceals the track hardware.

ROLLER SHADES HARDWARE

This is a selection of our most popular hardware options for roller shades. Talk to your authorized Comfortex dealer to find the hardware that is right for you.

CORD LOOP

Raise and lower roller shades with cord loop operation. Seen here with oil rubbed bronze cassette headrail.

CORDLESS

This cord-free system raises and lowers shades with a pull on the bottom rail. Seen here with fabric wrapped cassette headrail.

SIMPLICITY RECHARGEABLE WITH REMOTE

Easily rechargeable with no need to replace batteries. Uses radio frequency transmission to operate the shade. Seen here with fabric insert cassette headrail.

POWERTOUCH™ RECHARGEABLE

Operate shades with the touch of a button. Recharge port is easy to access. Seen here with fabric insert cassette headrail.

RETRACTABLE CORD

A single cord design that provides easy one hand operation to raise and lower the shade. The elimination of cord loop enhances child and pet safety.

ROMAN SHADES HARDWARE

This is a selection of our most popular hardware options for roman shades. Talk to your authorized Comfortex dealer to find the hardware that is right for you.

CORD LOCK

This classic cord lift system offers smooth operation. Seen here with oil rubbed bronze headrail.

CORD LOOP

Raise and lower roman shades with cord loop operation. Seen here with brushed nickel headrail.

CORDLESS

Easily raise or lower the shade with a gentle lift or pull on the bottom rail. Seen here with color coordinated headrail.

TOP DOWN-BOTTOM UP

Combine privacy and light control features with the beauty and functionality of roman shades. Seen here with fabric valance.

ELEVANCE™ INTEGRATED LINER ROMAN SHADE

Integrates a privacy liner on the back with a roman shade on the front, eliminating all cords to the back. Available as Cord-Free, Retractable Cord, and Simplicity Motorization.

COLOR COORDINATION AND SKYLINE HARDWARE FOR ROLLER SHADES

The Envision Skyline Roller Shade collection takes the popular roller shade system to a whole new level. Envision now provides beautiful new color coordination for various hardware options to provide ultimate roller shade design and quality. All roller shade components are color coordinated, from clutch for cord loop all the way down to the tensioner.

Skyline Hardware is available in White, Ivory, Satin Nickel, Bronze and Black.

DECO-BAR - CORDLESS

DESIGNER CASSETTE - CORDLESS

4" FASCIA - SIMPLICITY RECHARGEABLE AND POWERTOUCH

STANDARD ROLLER - SKYLINE CORD LOOP

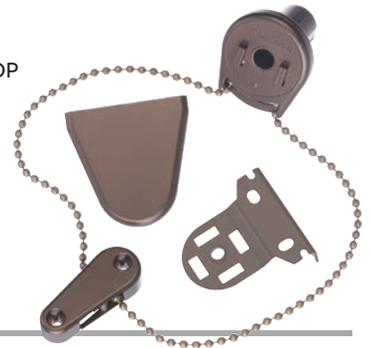

DESIGNER CASSETTE - SKYLINE CORD LOOP

4" FASCIA - SKYLINE CORD LOOP

SKYLINE COORDINATING COMPONENTS - CORD LOOP

All Skyline components for Cord Loop hardware systems coordinate. The clutch, beach chain, tensioner, bracket and bracket covers are the same color, like the example show where in Bronze.
